To,

The Director,

B.C.U.D.

N.M.U. Jalgaon

Subject: Submission of "Feedback Report" on prescribed University Curriculum for affiliated colleges.

Respected Sir,

Curriculum and Syllabi are the basic structure on which our entire teaching learning process is based upon. As a healthy practice by the Institution, every year our institute conducts a survey through IQAC, in which the institute tries to compile the experience, observations, opinions and suggestions of the stakeholders such as: Student, Alumni, Teachers, Parents and Employers. Through sample -Survey method, the above mentioned target groups are asked various questions relating to course content, curriculum and the usefulness of these things to impart value based education and generate employability along with technological/vocational skills. At the end of every academic year, report on feedback is submitted to the representatives of the institute on various Boards of the University. The institute intends to submit the collective feedback reports to the B.C.U.D.

Please accept the compiled feedback report for last five years (from 2016-17 to 2020-21) and oblige. Following are the suggestions which are related to curriculum that is given by the stakeholders.

- Every Program should include mini projects in the curriculum in a year.
- Considering the importance of soft skills in corporate and business world, Communication Skill should be included in every program.
- In order to inculcate good values among the students, Human values and ethics should be included in all the programs.
- In MBA regular program six months compulsory industrial training should be included in curriculum.

I hope this report may prove helpful in our educational policies.

Your Faithfully,

(Dr. Shilpa Bendale)

Director

To,

The Chairman

College Development Committee

I.M.R.. Jalgaon

Subject: Submission of "Feedback Report" on prescribed University Curriculum for affiliated colleges.

Respected Sir,

Curriculum and Syllabi are the basic structure on which our entire teaching learning process is based upon. As a regular practice every year our institute conducts a survey through IQAC, in which the institute compiles the experience, observations, opinions and suggestions of the stakeholders such as: Student, Alumni, Teachers, Parents and Employers. Through sample -Survey method, the above mentioned target groups are asked various questions relating to course content, curriculum and the usefulness of these things to impart value based education and generate employability along with technological/vocational skills. At the end of every academic year, report on feedback is submitted to the representatives of the colleges on various Boards of the University. The college intends to submit the collective feedback reports to the C.D.C.

Please accept the compiled feedback report for last five years (from 2016-17 to 2020-21) and oblige. Following are the suggestions which are related to curriculum that is given by stakeholders.

- More industrial visits should be arranged to get practical exposure.
- Industrial experts should be invited for guest sessions who can share the industrial working scenario.
- The social activities should be increased by conducting various programs.
- Improve technical and soft skills of students.
- Conduct workshop on advanced subject which is not included in curriculum.
- Arrange more certificate course related to aptitude training and competitive examination.

I hope this report may prove helpful in our educational policies.
